

PRE-QUALIFICATION OF SUPPLIERS OF GOODS AND SERVICES FOR FY 2025-2027.

Back Ground;

Ripple Effect Uganda is a growing and dynamic international development charity creating a wave of change in rural Africa. We are a partnership of experienced and committed staff, working with farming families in Africa. We are all inspired by the need to create an even greater impact on hunger and poverty in rural communities that are increasingly threatened by economic challenges and the climate crisis. Together, we support families to learn more, grow more and sell more. They then share what they know and have with their communities, creating a ripple effect of environmentally sustainable change across rural Africa. We are at an exciting stage in our history, as we recently re-branded from Send a Cow with an ambitious new 2030 strategy to multiply our impact.

Ripple Effect Uganda plans to pre-qualify suppliers of goods and services who may subsequently be invited to quote and supply the same for the two financial years of **2025/2026 and 2026/2027** under specified categories.

Categories suppliers of Goods and Services for FY 2025-2027.
