## Monsters!

### Supplies

- Clothespin
- Googly eye
- Yarn
- Beads
- Pipecleaner

### Directions

1. Using markers, color the clothespin.
2. Wrap yarn around 3 of your fingers. Once you have a nice sized bundle, slide it off your fingers and tie a separate piece of yarn around the center. Tie tightly into a double knot.
3. Trim the looped ends of the yarn and glue the middle of this bundle to the top of the clothespin. This will be your monster's hair.
4. Put a pipe cleaner through the center of the clothespin. Thread a bead onto each end of pipe cleaner to make the hands and twist the pipe cleaner ends around themselves so that the beads stay in place.
5. Glue googly eye on the top of the clothes pin.
