Where the money goes

Every little really does help towards hitting our target and changing the lives of autistic people and their families. For example:

Be part of **growing the biggest source of autism knowledge**. **£5** could help keep our website up to date with the latest vital advice and guidance.

Provide a **safe place** for autistic people and their families. **£15** will ensure the online community is there for everyone who needs it.

Ensure parents always **know their rights**. A total of **£500** could help **12 families** receive support from our Education Rights line.

Be part of the change. Raising **£1,000** could ensure we can keep putting pressure on the Government to be there for autistic people and their families.

Champion autistic talent, help close the employment gap. A total of **£5,000** could enable a job coach to support an autistic person into paid employment.

Support autistic people to **overcome loneliness and isolation**. Raising **£10,000** could help fund running costs for three of our 116 community branches.
