Trains with Multiple Locos
Unless absolutely necessary*, locos on the rear of trains and locos acting as a brake translator should not apply traction power. This is to allow the front loco(s) to haul heavier trains.
*Rear locos must assist if D9537 is the lead loco.

CONNECTION POLICY - Sheringham: Some connections possible - Weybourne: Connections usually possible - Holt: Connections not possible due to the distance between platforms
The NNR appreciates that some passengers like to make short connections between arriving and departing trains. Where possible we will accommodate passengers trying to make these connections if they make their way to the departing train promptly and safely. However it will not usually be possible to hold trains beyond their booked departure times due to the intensity of the service, particularly in the event of late running. Boarding or alighting of trains after the 'right away' is given or before the train has stopped is not permitted. Please note that the Guard has the final decision on when to depart and whether passengers may travel.
VERBAL OR PHYSICAL ABUSE OF ANY OF OUR STAFF OR VOLUNTEERS WILL NOT BE TOLERATED.

Times in italics are trains with limited or no passenger accommodation (see set list).
Passengers wishing to board the train at Kelling Heath must give a clear signal to the Driver. Passengers wishing to alight there must advise the Guard when boarding the train. It is not possible to board or alight from a train at Kelling Heath unless it is booked as a request stop.
As far as possible trains will run to time.

Rails and Ales

This year the North Norfolk Railway will be serving a selection of beer and cider from the Ale Tent at Weybourne station. You can also grab a bottled beer from the buffet at Sheringham station and at the shop at Holt. You can also have refreshments on the train. Look out for the knife and fork symbol on the timetable.

Family Day Out

Pick up a Children's Activity Pack from the ticket office at one of the stations. The Children's Activity Pack includes information about the railway, fun activities and things to see.

The 2023 Mixed Traction Gala
Children's Activity Pack

Tenth Year of Galas

This year sees Weybourne Traction Group's 10th year of Galas. Over that time Weybourne Traction Group has seen an increase in following. Thank you for coming along with us on the ride. We hope you enjoy the event.

William Marriott Museum

When visiting Holt station, why not visit the William Marriott Museum which is open over the Mixed Traction Gala? The museum has a collection of railway memorabilia, which includes everything from tickets, timetables, documents, signs and posters, as well as clocks and watches. A changing selection of these can be viewed in the museum, including the Oyster brake van for a limited time only.

Admission is free for those with a valid NNR ticket.

Keep Updated!

For updates on diesel loco running days and future events, follow Weybourne Traction Group on Facebook, Twitter and Instagram.

M&GN Society Diesel Club

By joining the M&GN Society Diesel Club, the money donated will help to raise funds to assist with the maintenance, investment in, and overhaul of diesel traction. If you enjoy great days out on the NNR behind a diesel loco, be it at special events such as the Mixed Traction Gala or on standard service days, joining the club is the best way to support keeping our traction in traffic. See www.mandgn.org/the-diesel-club for more information.

Date For The Diary

In a few weeks' time the railway will see the Make Tracks to the Sixties event. There will be two steam and two diesel locomotives in action over the weekend. The event will also have live sixties music at Weybourne, vehicles from the decade and other displays at Weybourne station. There will also be classic fairground games and refreshments.
