Thoughtful Corporate Gifts, Done for You

Branded, beautifully packed, and
delivered without the stress.

LET'S MAKE CORPORATE GIFTING LESS BORING

We're SHOPBOXD — a UK-based full-service corporate gifting solution that helps companies create personalised gift boxes that show appreciation, strengthen relationships, and reflect your brand.

We work with businesses across tech, creative, SaaS, finance and beyond - whether you're sending gifts for client appreciation, employee rewards, brand moments or 10,000 boxes for an event - we're here to help.

Most companies don't have time to wrap, pack, and ship gifts themselves. That's where we come in.

We're the best hands your brand will be in besides your own.

WHY BUSINESSES CHOOSE SHOPBOXD

Branded & Customised

Add your logo, colours, and messaging or keep it unbranded and beautifully neutral.

Done-for-You Fulfilment

We handle everything: packing, logistics, and sending to multiple addresses.

Tight Deadlines? No Problem

We've turned around 1000+ gift boxes in under a week and still made them look great.

Thoughtful Products, Not Filler

We partner with independent brands and UK suppliers who care about what they make.

HOW IT WORKS

Brief

Tell us what it's for (team gift, event, client thank-you).

Concepts

We'll suggest boxes, themes and ideas based on your budget and brand.

Branding

Add your logo, message, or printed collateral.

Packing & Fulfilment

We assemble everything in-house and ship it wherever it needs to go.

Delivery

To one place or 5,000 homes - we handle the logistics.

THE PROCESS:

- 1 Introductory Video/Phone Call (15 minutes)**
A brief discovery call to discuss theme, budget, timeline, branding requirements and quantities.
- 2 Proposal (2-3 days)**
We'll create a comprehensive proposal based on the points covered in our call. Please review and share with relevant colleagues and get back to us with your thoughts. We'll make revisions as appropriate.
- 3 Final Details (1-2 days)**
We'll send you our estimate for approval followed by an invoice for 70% of the total fee (including delivery) and a contract finalising deliverables on both sides.
- 4 Production + Shipping (2-5 weeks)**
We'll order all your inventory and once it arrives in our studio, will carefully assemble each gift and handwrite any notes.
- 5 Follow Up**
We'll send you tracking numbers for each package so your team (and ours) can keep a close eye on deliveries. We'll take care of any 'return to sender' packages.
