

Are you overwhelmed with information overload?
Are you struggling to retain what you learn long-term?

Introducing **Picmonic** - the most efficient way to remember everything.

Penicillin
Pencil-villain

What is it? An audiovisual learning platform with:

- 1,700 3-minute Picture-Mnemonic Videos
- Spaced Repetition Quizzing

How does it work? Picmonic turns key facts into unforgettable pictures and stories you'll never forget.

Evidence Based Learning Design

Used by 1 million healthcare students worldwide, Picmonic offers a more efficient way to study thousands of topics, using Spaced Repetition quizzes and mnemonic customization to boost memory retention.

4 View Additional Benefits of this Learning Platform

Real-life content you'll see on an exam.

Images, videos and notes to help you remember everything you need! Use what's there or add your own.

Up to Date & Always Dependable

Yes, we listen to your feedback, guidelines change, and we **update content weekly!**

You can **add your own facts and characters!**

We curate contributions from students everywhere (1,000+ a day) & recommend the best of the best back to you with Community Facts, amplifying coverage of each topic.
