

## Emergency Childcare Information and Application Form

St David's: Parents who would normally seek provision at St. David's are asked to utilise this booking form. The school will only be open for 3 days maximum, if parents need 5 day emergency childcare please use Bishop Vaughan's booking form.

Please be mindful that this provision will be for those children of workers in essential roles. This is part of the national aim of limiting the spread of the Covid-19 virus through social distancing. Please take this into consideration when applying to utilise the provision. Access for the provision will be prioritized to:

- **NHS staff**
- **Blue light emergency services staff**
- **Prison workers**
- **Social care workers**
- **School staff**

This is subject to review and may be extended to others once detailed definitions are provided by Welsh Government.

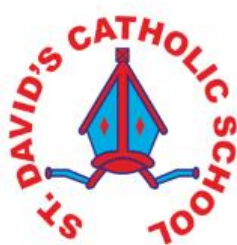

- **Primary age children** may attend their usual school or any other of the cluster primary schools (e.g. if another is closer to the parent workplace)
- **Bishop Vaughan pupils** (up to the age of 14) may attend Bishop Vaughan, or any of the cluster primary schools (e.g. if siblings attend a primary/ if a primary school is closer to the parent workplace)
- **Year 5 and 6 pupils** from any of the cluster primaries may attend Bishop Vaughan if it is closer to the parent workplace

**If parents are expected to work at home at this time, they should NOT send their children to this emergency childcare provision at school.** This again would increase the level of risk to their own children and to those of essential workers such as NHS staff unnecessarily.

Parents and carers may be asked for proof of entitlement (for example, a work ID badge).

From the weeks commencing Monday 23<sup>rd</sup> March and Monday 30<sup>th</sup> March, the provision will be offered at the schools daily on weekdays from 8am until 5pm at the latest. After this two week period, the days and hours of provision will be subject to review based upon need.

Please be aware that that this is for emergency childcare provision only at this present time. There will not be statutory educational provision in the first two weeks; pupils will not be missing out on education provision. If there is a possibility that you can provide a packed lunch and snacks that would be great, however the school could provide (from breakfast onwards) throughout the day free of charge. Children will not be required to wear school uniform as formal education will not be taking place.

The Local Authority is making non-school provision for those children who are entitled to free school meals. Children whose parents are not key workers but are entitled to free school meals will be able to collect 'Grab and Go' bags that will contain a cold healthy packed lunch. Further details will be provided via the usual channels as and when they are received.

Please complete the form and bring to your preferred childcare centre along with proof of ID.
